

HOW TO PLAY DINO RUNNER

The game starts with a simple menu. The player can choose between starts the game or quit the application.

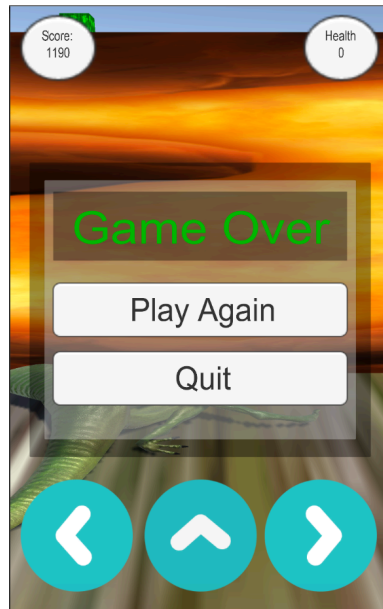

By selecting PlayGame, the game starts. The tier of this game is controls the character (Dino, the dinosaur) along the path using the on-screen buttons.

The possible movements are: rotate left, rotate right and jump.

- **Traps**

The traps in the game are the magma walls and rivers. If the player collides with some of these traps, his health will decrease until zero. In this case, the character will die and the GameOver menu will be shown.

- **Life boosters**

To recover the health, the player can collect the life booster items. They are the green cubes on top of the rock towers.
